General:					
<p>William Cowley's first wife, Rhoda Winter, died in 1850, the year in which their son, William, was born. I would think that it is likely that Rhoda died during, or from complications arising from, William's birth. William died in 1856, just six years old, and was buried in Kensal Green Cemetery on 27 September 1856.</p> <p>In the 1851 census Rhoda's sister, Penelope, is living with William as 'housekeeper'.</p>
